

Cable manager channel

TH-AN-CM

Maximum weight carrying capacity:  
up to 4 telehook shelves each holding  
up to 20kg (44lbs) of equipment

For a streamlined, contemporary and elegant finish, the TH-AN-CM Cable Manager channel is the perfect accessory to any display. Almost flush to the wall, the channel cleverly conceals all cables and wires associated with audio visual equipment. Independent cable bays are integrated into the design, allowing power and data cables to be separated to reduce the chance of electro-magnetic interference. The lightweight aluminum is highly durable and capable of supporting up to four Telehook shelves with 20kg (44lbs) of equipment on each (shelves sold separately, 2 per pack). This innovative weight-bearing design will please any installer, thanks to mounting to dry wall without the need to locate a wall stud.

### Product key features:

- Fast and easy installation
- Can be mounted to dry wall without fixing to a wall stud
- Super slim design to reduce visual clutter, only 28mm (1") from wall
- Able to house up to 10 audio/visual cables
- Allows additional audio/visual equipment and cables to be added and removed easily
- Can be painted to change the color and cut to length
- Comes with all mounting hardware for masonry, timber stud and dry wall installation

Post installation horizontal adjustment of shelves
